Terrell Grenyion

CYBER INFORMATION SYSTEMS SPECIALIST

Jacksonville, FL | 561.876.7766 | terrell@technitight.com | www.linkedin.com/in/terrell-grenyion

Objective

My objective is to secure a position in Cybersecurity Project Management that allows me to utilize my expertise in cybersecurity compliance, documentation management, and risk assessment to effectively oversee regulatory activities. I aim to ensure strict adherence to compliance frameworks, systematically track attestations, and uphold the effectiveness of controls within a dynamic security environment.

Experience

TechniTight | Freelance Cybersecurity Consultant   **December 2024 – Present**

- Performed comprehensive risk assessments and gap analyses to identify vulnerabilities and recommend remediation strategies.
- Developed policies and procedures tailored to client needs, including incident response plans and vendor risk management protocols.

Cybriant | Security Operations Center (SOC) Analyst   **August 2024 – Present**

- Conduct detailed monitoring and analysis of security alerts using SIEM tools to identify potential risks and vulnerabilities.
- Document incident findings and remediation steps, providing actionable insights for continuous improvement in incident response.
- Collaborate with cross-functional teams to implement corrective actions, ensuring adherence to regulatory compliance.
- Participate in continuous learning and development, enhancing skills in auditing and cybersecurity best practices.

Cybriant | Technical Account Manager   **April 2023 – August 2024**

- Provided tailored cybersecurity strategies to clients, focusing on compliance with industry standards.
- Acted as a liaison between technical teams and clients, ensuring seamless execution of cybersecurity initiatives and audit readiness
- Delivered detailed reports on security posture, identifying areas for improvement and ensuring alignment with regulatory frameworks.
- Identified client cybersecurity needs and proactively upsold relevant services, increasing security posture while driving revenue growth and strengthening customer relationships.

Amazon | Customer Service Associate   **November 2022 – April 2023**

- Analyzed and resolved customer issues, implementing structured troubleshooting processes to achieve high satisfaction rates.
- Collaborated with teams to streamline workflows, improving response times and service delivery.
- Ensured compliance with internal policies while addressing escalated customer concerns.
